Secure Storage

Whether you need long term storage, or just need a little extra time to take delivery, we provide safe and secure storage at both origin and destination. In addition to household goods we can also offer storage for piano's, boats, motor vehicles and motorcycles.

Modern facilities

Modern facilities provide peace of mind against fire, theft and flooding.

Reduced handling

Wherever possible we'll reduce unnecessary handling by directly loading or unloading storage modules at residence.

24/7 Security

Facilities are alarmed, monitored and governed by access restrictions to the general public - a major advantage over self-storage facilities.

Containerisation

Goods are stored in purpose-built storage modules made from kiln-dried timber allowing ventilation and reducing risk associated with climatic conditions.

Peace of Mind

Our network of modern purpose-built facilities provides secure short or long term storage for your belongings.

Protection against risk

Although we have an outstanding record for safe transit, inherent risks do exist despite the greatest of care. Our comprehensive transit protection will cover you against any loss or damage, door-to-door, on all risk basis.

CrownCare

Selecting the right protection when you are moving is an important decision. Our CrownCare transit protection and low claims ratios will give you complete peace of mind.

Policy Options

You can choose to opt for a lump sum valuation, or itemise the value of those items you'd like covered. It also allows you to itemise high-value items.

Managed In-house

Our policies are managed in-house with any claims normally processed and settled to ensure your ultimate satisfaction.

Rapid Settlement

For most claims our Insurance Manager has quick settlement authority, so there are no third-party insurer negotiations.

Protection Guaranteed

CrownCare Transit Protection is underwritten by one of the world's leading insurance providers. Policies offer full replacement cost cover.

Helping Kiwis in Need
