CROWN 
RELOCATIONS

We're delighted that you've chosen to move with us!

You've got a lot to think about, this document will help you navigate the moving process alongside the support of your office based Move Manager.

Important considerations

Things to consider around the household goods process:

- If you want to add or remove any furniture after the survey has taken place, be sure to let your Move Manager know so your quote can be re-calculated.
- If you have specific timings that you require to be met such as key handovers or settlement dates please ensure that you discuss these with your Move Manager.
- Crown Care Transit Protection is offered to ensure your goods are covered during transit, whilst Crown will take every precaution to ensure your effects are protected, it is important to us that you protect yourself against the risk of accidental damage which can occur during transit.
- In the unfortunate event you do need to claim for any damaged or missing items, please let your Move Manager know within 7 days of delivery. *Repair or replacement costs need to be submitted within 60 days after delivery. We recommend taking photographs of any damaged items.

*In cases where your goods are delivered to a private storage unit, the claims period is shorter. Timelines will be discussed with you in case of damages.

What's included

- Packing and wrapping of your effects - as per the accepted proposal.
- Collection from your residence
- Delivery to your new home and placing your effects in the appropriate rooms.
- Dismantling and reassembling all standard furniture, such as, cupboards and beds that were dismantled at origin.
- Unpacking boxes to a flat surface (bench top level).
- Taking away unwanted packaging after delivery.
- Assistance with the CrownCare Transit Protection process.

What's not included

- Placing items into cupboards and drawers.
- Ironing clothes or washing items.
- Assembly of kitset (IKEA) furniture, garden furniture and sheds, home gyms, children's swings/slides or anything that requires specialised tools.
- Removing or rehangng artwork or pictures.
- Laying fitted carpets, hanging curtains or attachment of walls and ceiling fittings/ fixtures.
- Connecting electrical appliances or light fittings.
- Handyman services, maid services, disposal of unwanted items, disconnection/ reconnection of washer/dryer, electrician services, and plumbing services.

Should you require additional services please kindly give your Move Manager enough notice so they can provide you with costs for consideration and potentially arrange this on your behalf.

Moving Day Preparation

Read these notes carefully a week or so before packing day to ensure that everything is in order on the day.

Your Move Manager will call and let you know the expected arrival time of the crew the day before packing. They can also send a courtesy reminder by text.

- ☐ De-clutter your home - it's a great feeling!
- ☐ Begin to reduce food and alcohol stocks and use up any frozen goods.
- ☐ Goods to be transported must be clearly identified and kept separate from items not being transported.
- ☐ We will need suitable parking for a commercial vehicle and clear access to your property. If you think this will be an issue please let your Move Manager know as soon as possible.
- ☐ Empty and defrost fridges / freezers 48 hours prior. Plumbed fridges must be disconnected and drained.
- ☐ Disconnect washing machine and drain all water.

Tip: Please remember to refit the stabilizer bar/bolt to avoid drum from going out of balance and remove it at the other end.
- ☐ Remove and fold all bed linen from beds. Waterbeds to be fully drained and dismantled.

Tip: Remember if your packing is taking place over more than one day, the team will try to leave beds and essentials until last, to make sure you can stay comfortably for the night.
- ☐ Empty fuel from mowers, trimmers, lamps and fuel heaters.
- ☐ Remove batteries from remotes and any other battery operated devices.
- ☐ Dismantle any stereo systems and home theatre systems keeping all parts together in one area.
- ☐ Sort items in garage/garden shed and separate any items not being moved. Remove soil from any outdoor items.

- ☐ Outdoor items should be cleaned thoroughly including sporting goods, camping equipment, bikes, lawn mowers and garden tools.
- ☐ Do not pack linen or soft goods.
- ☐ Remove ink cartridges from all electronic printers.
- ☐ If you have children, arrange for them to be looked after by friends or a sitter on moving day.
- ☐ We recommend that you do not include valuable documents, jewellery or money in your consignment as these items will not be insured - separate these personal effects from the rest of your shipment and keep them in a safe and secure place.
- ☐ Make sure that all the necessary documents that require your completion have been returned to Crown especially the CrownCare insurance documentation.
- ☐ Don't pack paints, aerosols, inflammables or explosives in the consignment as these cannot be moved.
- ☐ Exclude gas bottles, unless purges with nitrogen and accompanied by a 'Safe for Transportation' certificate.
- ☐ Avoid polishing your furniture within 30 days of your moving date.
- ☐ Ensure that you (or a representative) are on hand when the packing starts and finishes. It is your responsibility to ensure all items intended for shipment have been identified, packed and removed from your home.
- ☐ Check your cupboards one last time. Make sure all important items are still in the safe and secure place you left them in (passports, children's special toys, birth certificate etc).
- ☐ Read the list of restricted items.

Delivery Day Preparation

Crown will contact you with the estimated arrival time for your delivery. Please read below to help ensure the delivery goes as smoothly as possible.

If you're aware of where things should go in your new home, let the crew know on arrival.

If you anticipate any issues with moving large or bulky items, let Crown know as soon as possible.

Our service includes:

- Delivery of your goods
- Unpacking them to a flat surface
- Reassembling any items that were dismantled at origin
- Removing all packing materials and debris before the crew leave on the final day of delivery

If you have children, if at all possible, your children should be at school or in after school care while delivery takes place.

Make sure that you, or at least a representative of yours, is there when delivery starts and is completed.

It's your responsibility to ensure that all items listed on the inventory have been delivered before the crew leave on their last day of delivery.

If floor protectors are needed to maintain the condition of the carpets or floors, please inform us as soon as possible before delivery takes place.

In the unfortunate event that something is damaged, please notify us within 7 days of delivery.

Please note, some of the documents that were completed by you at pack up stage will need to be completed again at time of delivery.
